**April 10th & 11th, 2012
8:00am to 4:30pm**

Location:
Disaster Preparedness Warehouse
4100 North Becker Dr.
Bartonville, IL 61607

Medical Management of CBRNE Events

The course consist of facilitated discussions, small group exercises, hands-on activities, and task-oriented practical applications. Course participants will use both state-of-the-art adult and pediatric human patient simulators to promote critical thinking skills while utilizing the RAPID - Care concept.

Upon completion of the course, participants will be able to demonstrate the skills necessary for proper detection and monitoring, triage, mass decontamination, treatment, stabilization, self-protection, and cross-contamination prevention.

Recommended Online Courses:

It is recommended that participants complete two online courses before attending the course. These internet courses are available at no cost to the participant.

Visit www.teexwmdcampus.com and complete:

- Basic EMS Concepts for WMD Incidents
