EMT I/P Student Field Internship Progress Report
PHASE TWO: TEAM MEMBER = First 49 - 96 hours

STUDENT DIRECTIONS: Complete this Report. Retain with your Internship Records.

STUDENT NAME (print): _____ **INTERNSHIP LEVEL:** ___ Intermediate ___ Paramedic

COURSE START DATE: _____ **END DATE DIDACTIC:** _____ **LOCATION:** _____ **COURSE COORDINATOR (print):** _____

The following shall serve as **minimum** objectives and may be expanded to meet the needs and abilities of individual students.

During Phase II of the field internship, the EMT student shall participate, as directed, as a team member and will:

1. Perform a minimum of **five (5) BLS and five (5) ILS/ALS** patient assessments, which may include the actual physical assessment, gathering of a patient history, and obtaining vitals signs, etc.
2. Demonstrate proficiency in completing a thorough ambulance inventory/checklist, locating all components and checking all drugs for expiration dates and ensuring airway equipment is in working order.
3. Perform PAEMS system interventions within the appropriate scope of practice as directed by the Field Training Instructor. For course completion, the **minimum FIELD psychomotor skill requirements** are:
4. Apply the ECG leads, and correctly interpret a rhythm strip on a minimum of **five (5) ILS/ALS** patients. A copy of the ECG tracing **must** be attached to the **Run Critique** for the respective call.
5. Perform a minimum of **five (5)** call-ins by radio or cellular phone.
6. Complete a **Patient Care Report/Run Critique** for each of the patients assessed in Item #1 above using appropriate medical terminology and documentation guidelines. **DO NOT** include personal patient information. Attach ECG strips as appropriate. **Complete Page 2 of the Run Critique.**

The Field Training Instructor (FTI) will sign the Patient Care Report and complete the Run Critique, Page 2. The student should seek constructive review of the completed **PCR/Run Critique** by the FTI. All completed forms are to be submitted to the student's Course Coordinator at the end of each Phase.

7. Demonstrate behavior consistent with professional and employer expectations of an entry-level EMT-I/P.

Phase Two will last a minimum of 48 hours, and may be extended based on feedback from all Field Training Instructors having contact with the student or the Course Coordinator. Phase Three will not begin until all objectives of Phase Two are completed satisfactorily and the student receives the approval of the Course Coordinator to progress to Phase Three.
